

Peter Marsh, Wepham west sussex

Darren of forrestal flooring installed an aged and distressed oak engineered floor in our 16th century cottage in West Sussex. His workmanship and attention to detail was exemplary. To view the finished product one would think it had been there since the cottage was built.

It was a pleasure to have Darren working in our property, he was sympathetic to our requirements, did exactly what was promised and kept the disruption to a minimum. We would have no hesitation in recommending his services to others.

Thanks again and best wishes in the future

Peter Marsh.
